

Learn Airbrushing with Joe Fleming This November!

Learn from One of the Best!

We are excited to welcome Joe Fleming for an incredible weekend dedicated to the art of airbrushing on turned wood. Joe Fleming is nationally recognized for his expertise in airbrushing on wood and has helped countless woodturners add artistic expression to their work through practical, easy-to-follow instruction. Whether you're completely new to airbrushing or looking to elevate your artistic skills, Joe's demonstrations and hands-on classes will give you the knowledge and confidence to create stunning, one-of-a-kind pieces.

Full Day Demonstration (9-3pm with lunch) November 21st

\$35 Includes Lunch/ \$50 family /\$45 Non Members/ \$45 at the door

Join Joe for a full day of live instruction as he takes a project from start to finish.

During the demonstration, Joe will:

Turn a wooden plate

Prepare the surface for airbrushing

Explain equipment, materials, and setup

Demonstrate airbrushing techniques and professional tips & tricks

Complete a beautifully airbrushed project on the turned piece

This is a fantastic opportunity to watch Joe's complete process and ask questions throughout the day.

Two Hands-On Full-Day Classes

\$100

Beginner Airbrushing Class (Nov 22nd)

Perfect for those new to airbrushing.

You'll learn:

Airbrush basics

Proper setup and maintenance

Fundamental spraying techniques

Creating your first airbrushed project

Each student will complete and take home a finished project.

Advanced Airbrushing Class (Nov 23rd)

\$100

Designed for those with previous airbrushing experience who want to expand their artistic abilities.

Topics include:

Advanced shading, layering and color theory

Specialty techniques

Finishing methods

Each student will complete and take home an advanced finished project.

Whether you attend the demonstration, one of the classes, or all three days, you'll leave inspired with new skills and ideas for your own turning projects.

This will fill up fast so Reserve Your Spot Early!

Class sizes are limited to ensure plenty of individual instruction and access to your own airbrush for the day. (You can also bring and work with your own airbrush if you have one!)
